

## CISC455/851 - Winter'23 - Group Project Collective Agreement

We, Group 18 - Nice Genes, Baby (number and name), agree to the following:

1. We will use Discord as the primary way to talk about the project and will respond within \_\_\_\_\_ of receiving a message.
2. Teammates will establish a set meeting time each week to work on the project together that works with everyone's schedule. We will meet via \_\_\_\_\_ at the following days and times: \_\_\_\_\_. If a teammate can't make it, they will let the teammates know beforehand.
3. Everyone agrees to share ideas and actively listen to the ideas of others.
4. Everyone has read the Group Project Peer Evaluation Rubric and agrees on the expectations.
5. Teammates agree to divide up the work equally amongst the group.
6. If a teammate is struggling with their portion of the project, they will let their teammates know so that it can be solved as a group, with enough time to meet checkpoints.
7. Teammates will understand that each group member comes from a diverse background and will treat each other with kindness, empathy and respect.
8. (insert any other agreements you'd like)
